- PP HOLLOW CORRUGATED SHEET
- BUBBLE GUARD SHEET

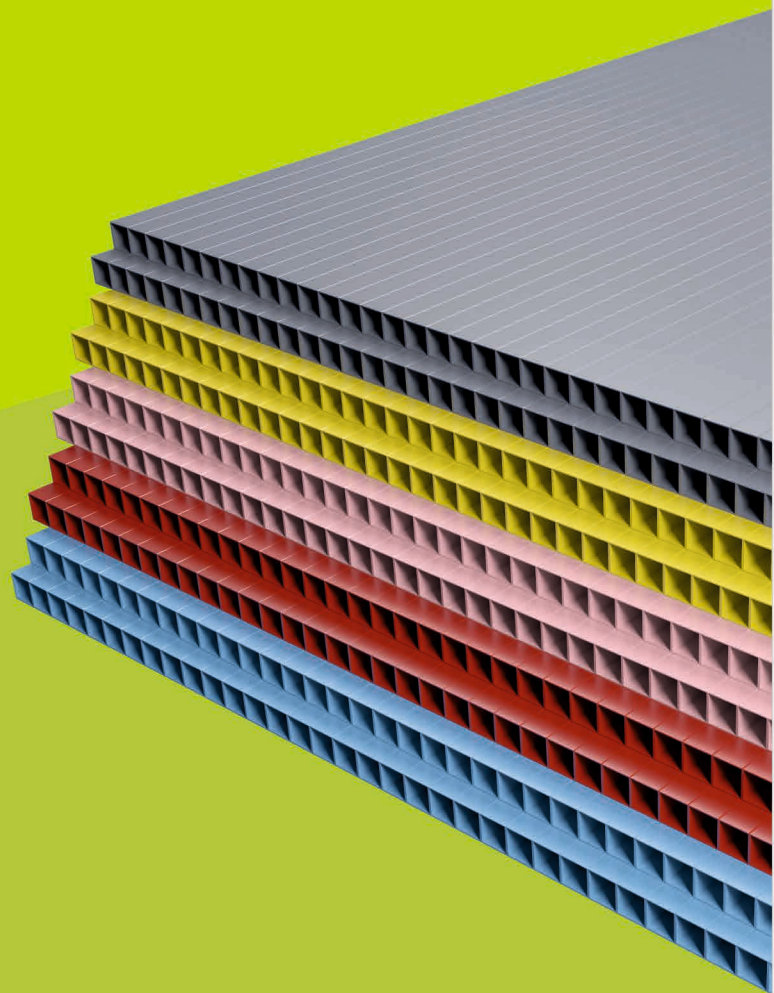

ABOUT US

ASTRO POLY PLAST LLP is one of the largest manufacturer and exporters of PP corrugated sheets & boxes in India. manufacturer of lightweight polypropylene packaging and protective and The sheets are corona tretment on both side for good printing material manufacturer. Shortly thereafter, its design talents and package engineering experience were called upon for heavy-duty applications. The company has now fully automated state of the art machineries to manufacture high quality products and deliver excellent value to our customers, while operating in a manner that maintains the integrity of the environment by producing recyclable products.

The sheet is also environmentally. Friendly as it is' made form 100%. recyclable materials (item be revised after use or recycle)

ASTRO takes it as a challenge to prove its caliber every day and continually raises its standards to ensure high degree of customer satisfaction.

PP CARTONPLAST
CORRUGATED SHEET

THICKNESS

ASTRO sheets can be produced in a thickness between 1.5mm to 10mm. We can advise you on what thickness to choose depending on the purpose of use,

WEIGHT

The weight of ASTRO sheets is expressed in GSM (GRAMS PER SQUARE METER). The higher you chose your GSM, the stronger and stiffer the material will be.

SIZE

ASTRO sheets are available in many sizes. The length can be as long as required; the width is limited to with is as Required

COLOR

Our customers can choose any color for the sheets or printed artwork, just tell us what you need, and we can provide you with a sample

VIRGIN AND RECYCLED POLYPROPYLENE

We can use 100% virgin polypropylene to produce your sheets. Another option is to let is recycle up yo 20% of our internally regenerated polypropylene

CUSTOM PRINTING

ASTRO Sheets can be supplied with high resolution, full color printing, send us your design and we can directly print it onto the sheet in our factory.

FIRE-RETARDANT SHEETS

A fire-retardant version of ASTRO sheets us available. Please Let us know the fire rating you require, and we will produce the sheets accordingly.

CORONA TREATMENT

We give our customer the option of printing their own sheet. if you choose this aption, we will give the sheets a corona treatment to ensure they are well prepared for printing.

UV PROTECTION

ASTRO sheets can be produced with a UV protection, this will extend the life of the sheets and their print work when exposed to the sun

PUNCTURE RESISTANCE

We can supply our ASTRO sheets in any requested puncture resistance grade. Just let us know the PR you require, and we will supply the product including a test report

**PP CORRUGATED
LAYER PAD SHEET**

PP Corrugated Layer Pad Sheet is a durable, lightweight, and cost-effective packaging material made from polypropylene (PP). It is designed to provide a sturdy barrier or layer between stacked products, especially in cartons or on pallets. These sheets are resistant to moisture, chemicals, and impact, making them ideal for protecting goods during transportation and storage. Their corrugated structure adds strength while keeping the weight low, and they can be easily cleaned and reused, offering a sustainable solution for various industries such as food and beverage, pharmaceuticals, electronics, and automotive. Available in different sizes, thicknesses, and colors, PP corrugated layer pads can be customized to meet specific packaging needs.

BUBBLE GUARD SHEET

ASTRO Bubble Guard gets its strength from the unique circular honeycomb structure that forms the core of the products, while the air-lock technology creates a cushioning effect to ensure protection. The patented structure is sandwiched between multiple layers of flat polypropylene, resulting in a high strength-to-weight ratio, making these panels tough and durable, yet light weight.
